

CROWN PUB & BISTRO
MELBOURNE, VIC
CROWN LTD

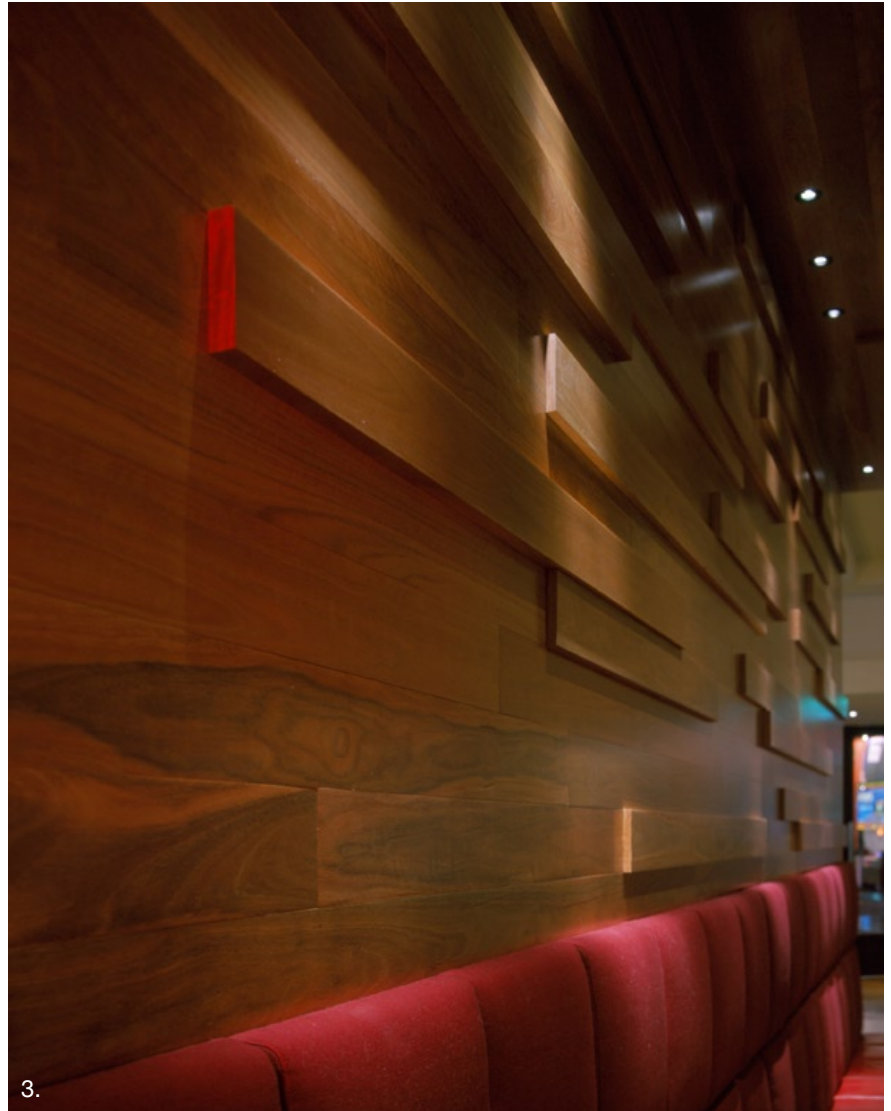

“A carefully considered, sensitive orchestration...”

Artichoke Magazine, 03/02

1. Dining room
2. The bar
3. Timber detail in bar
4. The lounge

The Crown Pub & Bistro is a \$3.5million fitout project within Melbourne's Crown Entertainment Complex. The design concept was to reinterpret the nostalgic image of the traditional Australian corner pub in a contemporary lifestyle venue. Referencing the materials and spaces of the older pubs, the Pub is a complex composition of space, colour and details. The interior has four distinct zones including the bar, bistro, dining room and lounge. Each space has been carefully scaled to create a sense of individual identity while still remaining balanced and linked to the overall theme of the interior.
