

MALVERN HOUSE

1. LIVING ROOM
2. DINING ROOM
3. LIVING ROOM
4. STUDY

Working with a prominent heritage architect who undertook a substantial renovation of this historic house, NHWEBB designed the interiors of the residence. Working within a brief that paid significant homage to the Victorian character, whilst creating a dramatic and theatrical character to key entertainment spaces and a restful and liveable environment for the living areas and bedrooms.

The extensive use of antiques and significant art has created a rich and embellished ambience, that reflects the quality and style of the underlying building

Reproduced period details in kitchen joinery, bathrooms and ceiling details further reinforce the rich architectural heritage of this property.
