

SOFITEL HOTEL LEVEL 35, ATRIUM BAR MELBOURNE

The brief for the level 35 Atrium Bar was to transform an underperforming bar into a key destination space with its own character within the umbrella of the Sofitel brand.

Rich tones combined with highly decorative nickel screens and light fittings provide an environment that has a strong theatrical feel especially at night.

The new iconic bar constructed in zinc and matching grey marble with classical over scale forms as the basis of the design, provide the primary focus. Lit ice wells and the back bar create the backdrop for a sophisticated drinking experience.

SOFITEL HOTEL REFURBISHMENT

SOFITEL HOTEL MELBOURNE

The Melbourne Sofitel Hotel refurbishment at the top of Collins Street was completed in 2006. The refurbishment incorporated updating the Lobby areas and transforming the Hotel's main bar, Level 35 Atrium Bar.
